

# JUST CONNECT

## ONE LIGHTING SOLUTION FOR ALL BATTERY PACKS

- Work lights compatible with 18V/20V battery packs from all leading power tool brands
- Compatible with METABO/CAS battery system “no connector is required”
- Temperature surveillance protects battery in case of malfunction
- Smart connector with Battery Safety System
- Overload Protection
- Automatic discharge protection

// Whichever power tool brand you prefer, SCANGRIP has developed a unique CONNECTOR for each individual brand that fits 18 V/20 V battery packs. Simply mount the CONNECTOR to the work light, attach your battery and you are ready to work.

A BATTERY SAFETY SYSTEM protects the battery pack and makes it safe to use. The safety system features an automatic discharge protection, overload protection and temperature surveillance which means you can use your 18 V/20 V battery pack again and again without it being damaged.

Each CONNECTOR is sold under separate item numbers and individually designed to fit each power tool brand. CONNECTORS are available for the following brands\*:

**BOSCH BOSCH GREEN DEWALT HIKOKI MAKITA MILWAUKEE**

\*Other battery brand connectors can be made available upon request
